

# 3D Printing Instructions

Read [3D printer rules](#) and [3D printer information](#)!

---

## **If you wish to design your own:**

1. Go to [www.tinkercad.com](http://www.tinkercad.com) and create an account.
2. Design your 3D print. It will automatically be saved in your Tinkercad account.
3. Export your print file to your school OneDrive account.
4. Save your file in this format: firstname.lastname-what the print is.stl  
Example: joe.smith-wolf.stl
5. Fill out the [3D print form](#) and submit.
6. Email your file to Ms. Brown at: shonda.brown@jasperisd.net

(Steps 1- 6 can be done from any computer, even at home.)

---

## **If you wish to print a pre-made design:**

1. Search [www.thingiverse.com](http://www.thingiverse.com). Find a design.
2. Click on “Thing files” under the pictures.
3. Only download the .stl files needed for the design to your school OneDrive account.
4. Save your file in this format: firstname.lastname-what the print is.stl  
Example: joe.smith-wolf.stl
5. Fill out the [3D print form](#) and submit.
6. Email your file to Ms. Brown at: shonda.brown@jasperisd.net

(Step 1- 6 can be done from any computer, even at home.)

Please ask for assistance at any time. The librarian, Ms. Brown, is here to help.
